

A photograph of a modern airport terminal with a large, curved glass facade. In the foreground, two commercial aircraft are parked at gates. On the left, a portion of a purple and white aircraft is visible. On the right, a white aircraft with blue and red accents is parked. Ground service equipment, including a mobile staircases and a belt loader, is positioned between the planes. The sky is clear and blue.

**Airport**  
Expansion Summit for  
Latin America  
& the Caribbean 2023

## ¿Why Attend?

An expansion project is currently underway in MIAMI to be completed in 2035. An investment of approximately US\$5 billion for a new area check in and a security checkpoint, as well as a expanded section of shops, restaurants, higher ceilings for better lighting at the counter, and concourses E and F will also feature security checkpoints more spacious, with larger and new waiting rooms concession areas. Government officials, investors, operators and groups airport management, aviation authorities and architects, engineers, consultants and equipment suppliers will meet in this city in the **Airport Expansion Summit of Latin America and the Caribbean 2023** for discuss airport expansion projects and will be shown case studies of how technology can be used to enhance the safety and growth of The airports. Architects, engineers, consultants and equipment providers will be there to help to explore the area. will be treated all planned projects, as well as questions of financial sustainability and the long term technique

# Participants

- Transportation Ministers/Authorities
- Infrastructure Ministers/Authorities
- Civil Aviation Authorities
- Airport Operators
- Airport Management Groups
- Promoters & Policy Makers
- Project Management Companies
- Architects, Designers, and Planners
- Consultants
- Engineering & Construction Companies
- Finance & Investment Companies
- Airport Maintenance Specialists

# Participating Professionals

Purchasing Directors	Security Director	Architects and Designers
Purchasing Managers	Storage Manager	Directors of Materials and Equipment
State Purchasing Director	Government Officials	Business Development Directors
Maintenance Manager	Presidents	Director of Marketing and Sales
IT Manager	General Director	Director of Planning and Distribution
IT Director	Regional Directors	Administrative Director
Director of Operations	General Managers	Project Managers
Quality Manager	Technology and Services Manager	Director of Development and Planning
Customer Experience Manager	Financial Directors	
Airport Director	CIO   CEO   CFO	
Maintenance supervisor	Construction Managers	
Director of Engineering and Maintenance	Security Chiefs	

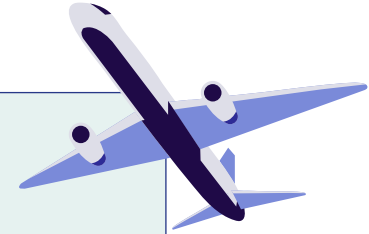

# Discussion Topics

- Aeronautical Infrastructure
- Innovations
- Airport Design
- Airport Planning and Regulation
- Airport Regulations
- Airport Security and Automation
- Artificial Intelligence
- Financing and Project Management
- Runway Safety
- Sustainable Development
- Infrastructure Technology
- Operational Case Studies
- Airport Administrators
- Airport Concessions
- Implementation of PPPs
- Budgeting
- Intelligent Transportation Systems
- Investment in Local Airports
- Pavement Maintenance
- Optimization of Operating Costs
- Public Policies for Airports
- Route Structures and Airline Hubs
- Best Practices and PPP Strategies
- PPP Policy and Regulatory Frameworks

# Airport Expansion Summit for Latin America & the Caribbean 2023

## Projects in Latin america

PROJECT	COUNTRY	INVESTMENT	AIRPORT	STATUS
Construction of New Airport	México	846,615 mdd	Felipe Angeles International Airport	Executed
It will have both a civil and a military component. Current planning includes a landing and take-off runway 3,500 meters long.	México	US\$823,579 mdd	Tulum Airport.	Planning
Infrastructure Expansion	México	US\$57 mdd	Tamuín Airport in San Luis Potosí	Planning
The construction of a new passenger building, parking and roads, as well as rehabilitation of the existing facilities.	México	US\$9,866 mdd	Puerto Escondido Terminal	Planning
Modernization program, rehabilitation of the passenger building to increase capacity, as well as improve all operational areas	México	US\$4,077 mdd	Colima Airport	Planning
Modernization project focused mainly on navigation services.	México	US\$4,228 mdd	Puebla Airport	Planing
Passenger Building to be Expanded	México	US\$6,795 mdd	Terminal in Ciudad del Carmen, Campeche	Planning
Extension of the passenger building,, complementary works; and construction of a new control tower	México	US\$2,567 mdd	Chetumal International Airport in the State of Quintana Roo	Planning
The expansion of Terminal 2	Panama	US\$917 mdd	Terminal 2 of Tocumen International Airport	Planning
Opening of four new boarding gates at the south end of Terminal C.	USA	US\$400 mdd	Dallas Fort Worth Intenational Airport (DFW)	Planning
In the Central Terminal, a new centralized check-in room and security checkpoint will be built, along with a new shopping and dining area. Concourse F will be modernized and rebuilt, while connecting behind security to Concourse E and the North Terminal. The South Terminal will have three new annex gates added, along with more retail space. The North Terminal, dominated by American Airlines, will also have more gates, replacing the D60 regional aircraft facility.	USA	US\$5,000 mdd	Miami International Airport (MIA)	Planning
Expansión of the Airport Cargo Center	USA	72.2 mdd	Miami International Airport (MIA)	Planning
Improvements in the air conditioning system, expansion of the baggage claim area and paving	USA	61 mdd	Logan International Airport (Boston)	Planning
Maintenance of the passenger terminal and the replacement of the baggage handling system	USA	60 mdd	Denver International Airport	Planning
Construction of a new Passenger Terminal	USA	20 mmd	Pittsburgh International Airport	Planning

Construction of a new Passenger Terminal	Dom Republic	US\$80 mdd	Punta Cana International Airport	Under Construction
The purchase of 300 buses necessary for the renewal of the existing fleet	Nicaragua	15 mdd	Augusto C. Sandino International Airport	Planned
La obra tiene como objetivo ampliar la capacidad operativa de la terminal. Con la incorporación de nuevas posiciones para más aeronaves.	Argentina	US\$1.4 bdd	Ezeiza International Airport	Planned
The purpose of the project is the construction of a new platform with capacity for 2 aircraft	Argentina	S\$12.475 mdd	Jorge Newbery Airport	Planned
New air terminal, paving of the main runway	Uruguay	US\$70mdd	Camelo International Airport	Planned
Replace the airport runway lighting and improve the security area of Runway 12/30	USA	3 mdd	NorthEast Regional Airport of Alabama (Muscle Shoals, AL)	Planned
Purchase of seven pre-conditioned air units to control the temperature of the aircraft at the gates	USA	2.9 mdd	Pittsburgh International Airport (Pittsburgh, PA)	Planned
Construction of a new runway 1/19 of 5405 feet long	USA	2.5 mdd	Greensburg (Greensburg, IN) Municipal Airport	Planned
Purchase of two zero-emission passenger shuttle buses	USA	1.3 md	Raleigh-Durham (Raleigh, NC) International Airport	Planned
Updates and improvements to the airport facilities and services	Trinidad y Tobago	US\$128.5mdd)	ANR Robinson Airport	Under Construction
Remodeling of the air terminal, with the aim of doubling its capacity	Dominican Republic	US\$100 mdd	Cibao International Airport	Under Construction
Construcción de una Nueva terminal	Uruguay	US\$1,600 mdd	Aeropuerto El Carmelo	Under Construction
The second stage of expansion of the Brasilia International Airport	Brasil	US\$114,000 mdd	Brasilia International Airport	Planned
Modernization and expansion of the International Airport	El salvador	US\$490 mdd	San Salvador International Airport	Planned
Modernization and expansion of the Airport	Chile	US\$85 mdd	Chacalluta de Arica Airport	Planned

## Airport Expansion Summit for Latin America & the Caribbean 2023

Modernization of national and international airports	Costa Rica	US\$57,105 mdd	Juan Santa Maria International Airport Daniel Oduber International Airport Kimon International Airport	Planned
Expansion plan, new terminal	Panamá	US\$900 mdd	Tocumen International Airport	Planned
New baggage handling system	USA	\$60 millones	Denver Airport	Planned
Rebuild your terminal road system and reconfigure a central entrance	USA	\$50 millones	LAX - Los Angeles International Airport	Planned
Renovate existing Terminal E facilities and replace arrival roads	USA	\$62 millones	Logan/Boston International Airport	Planned
Construction of four new gates	USA	\$50 millones	Orlando International Airport	Planned
Airport upgrade and modernization	USA	\$40 millones	Hartsfield-Jackson Atlanta International	Planned
Construction of replacement terminal buildings.	USA	\$49,6 millones	Detroit Metropolitan Airport	Planned
Build a new zero-carbon electric service plant.	USA	\$35 millones	Dallas-Fort Worth International Airport	Planned
Construction of replacement terminal buildings.	USA	\$21 millones	Yellowstone y Missoula Airport	Planned
New control tower, construction of a new five-story passenger terminal, and construction of a large business and commercial center.	Perú	1,6 millones USD	Jorge Chávez International Airport	Planned

# Agenda

DAY ONE

HORA	THEME
7:40	Registration and welcome coffee
8:15	Opening remarks by JP Mundo CEO Jerald Pate
8:20	Opening words by the Chairman
GENERAL OVERVIEW	
8:30	<b>OVERVIEW – Post-pandemic development and expansion of airports in Latin America and the Caribbean. Immediate and medium-term impact of COVID-19 on air transport.</b> Efforts required of regional airports to maintain relevance and continue investment and development.
9:00	The new era of aviation - innovation and development at airports. <b>PPP SPONSORED PRESENTATION.</b>
9:30	<b>The future of Airports.</b> How is Latin America doing in the development of airport infrastructure?
9:45	<b>Adjusting airport operations to the new age of travel</b> – How is the airport industry looking for ways to avoid passenger dissatisfaction in the future? How have airports been adapting their business models to remain competitive with the help of new technology?
10:00	<b>Networking coffee break</b> - One of the advantages of attending this summit is making new business contacts. <i>TRUE? So go ahead! This is your opportunity to develop new business.</i>
10:50	Ensuring travel is safe and healthy.. <b>PRESENTATION SPONSOR</b>
11:20	<b>Case Study: Smart Airports are improving the efficiency of airport operations.</b> How to develop a adequate data collection and analysis process to make airport operations more efficient in conjunction with the passenger processing and facility maintenance?
11:50	<b>How to recover after a pandemic?</b> Actions carried out at airports to recover and maintain operations after the pandemic.
12:20	<b>CASE STUDY-</b> Economic impact on air transport. How does the economy affect the aviation sector? Which are future opportunities? What do airlines expect from airports?
12:35	<b>Networking Luncheon-</b> One of the benefits of attending this summit is making new business contacts. <i>TRUE? So go ahead! This is your opportunity to develop new business.</i>

## Airport Expansion Summit for Latin America & the Caribbean 2023

# Agenda

## DAY ONE

HORA	SCHEDULE
AIRPORT PROJECTS	
13:45	<b>PRESENTATION</b> -Expansion project for Miami International Airport
14:00	Airport expansion plans in Mexico. Management of the level of infrastructure expected of a Felipe Angeles International Airport..
14:20	<b>The new airport of Cartagena/Colombia.</b> Challenges in the development and execution of a new airport..
14:45	<b>CASE STUDY- Seventh round of airport concessions in Brazil.</b> Are concessions a guarantee for development and success of the airports?
15:00	Automating airport security operations - <b>SPONSORED PRESENTATION.</b>
15:20	<b>Networking coffee break</b> - One of the advantages of attending this summit is making new business contacts.. <i>TRUE? So go ahead! This is your opportunity to develop new business.</i>
16:00	<b>The aviation sector faces significant challenges in its quest to become greener.</b> - How are the LATAM countries developing long-term recovery plans aligned with green recovery?
16:20	<b>Improvement of eight regional airports in PERU.</b> What will the cooperation scheme of the Peruvian State with investors be like, private?
16:45	<b>DISCUSSION PANEL</b> -Is the goal /of zero net CO2 emissions in aviation the path to success? What technologies are working?
17:00	Improvement of eight regional airports, PERU Ministry of Transport and communications (MTC).
17:20	<b>DISCUSSION PANEL</b> -Is the goal of zero net CO2 emissions in aviation the way to success? What technologies are being implemented to be more ecological from the point of view of maintenance?
17:45	End of day One.

# Agenda

DAY TWO

HORA	SCHEDULE
7:40	Registration and welcome coffee
8:20	Opening words by the Chairman
8:30	<b>Modernization project of the Salvador Airport.</b> Establishment of the first public-private association of the country for the development and execution of the project.
9:00	<b>Challenges of airport infrastructure.</b> What are the priority challenges to be addressed? How to deal with financing challenges?
9:30	<b>How airport infrastructure impacts airlines.</b> Costs incurred and adaptation..
10:00	<b>Regulations and competitiveness in the skies.</b> Are Open Skies agreements essential for maintaining competitiveness?
10:30	<b>Networking coffee break</b> - One of the advantages of attending this summit is making new business contacts. <i>TRUE? So go ahead! This is your opportunity to develop new business.</i>
11:00	Transformation to a point-to-point transport network. Benefits and costs associated with airline hubing practices.
11:50	<b>The Jorge Chávez International Airport aspires to become the largest air complex in South America.</b> - How does it adapt operationally to the requirements of the airlines?. What projects are going to be executed? Which has benefits?.
12:20	The private sector assumes a greater role in airport projects. Strategies and instruments of Public-Private management.
12:50	<b>CASE STUDY-New Pedernales International Airport Project/ Dominican Republic.</b> How does an alliance develop adequate to carry out projects linked to the airport sector?
13:20	<b>Networking lunch</b> - One of the advantages of attending this summit and making new commercial contacts. <i>TRUE? So go ahead! This is your opportunity to develop new business.</i>
13:50	<b>Implementation of the PPP model.</b> How does a PPP model work and is used to offer a better experience and create new opportunities of growth?
14:50	<b>Public-Private Alliance Project in Airports of Puerto Rico</b>
15:20	Facial recognition to improve security and the airport experience - <b>SPONSORED PRESENTATION</b>
15:50	<b>Good practices for the execution of PPPs projects.</b> How to develop efficient and sustainable PPPs?
16:20	<b>Networking Cocktail Break</b> - One of the advantages of attending this summit is making new business contacts.. <i>TRUE? So go ahead! This is your opportunity to develop new business.</i>
16:50	<b>Association for Success.</b> What is needed to achieve a successful airport PPP from both sides of the association?
17:30	<b>PANEL DE DISCUSIÓN</b> Are PPPs the answer to the financing crisis that airports are suffering?- Is it a popular strategy and in increase?.
18:00	<b>CASE STUDY</b> -Thinking like a smart airport. How Schiphol uses data, technology and innovation to improve quality of the airport and how it could be implemented in the Latin American region?
18:30	End of the Day
